Contact:03422777145

Email:*ifrahhaider@aptechnorth.edu.pk*

Address: 11B North Karachi

Karachi

Profile:

of a classroom and someone easy to work with.

Strong critical and creative thinker, giving me more ideas to help develop innovative and interactive lesson plans that engage students.

Objective:

To build a long-term career as a teacher in a position that offers opportunities for career growth, and to keep up with cutting-edge teaching technologies.

Innovating Future-ready Research, Algorithms, and Hardware.

Experience

Senior faculty member | Aptech learning institute | JUNE 2022 - present

TEACHING AND TRAINING

- Delivering high-quality training sessions in specialized subjects such as programming, software development, web design, AI, or data science

CURRICULUM DEVELOPMENT

- Designing and updating course content to ensure alignment with the latest industry standards and technological advancements.

STUDENT MENTORSHIP

- Guiding students in their academic and professional growth, including capstone projects and certification preparations.

Senior Lecturer| Capital Institute of Science & Information Technology | JUNE 2020 -JULY-2021

TEACHING AND INSTRUCTION

- Delivering lectures on a wide range of computer science topics such as programming, algorithms, data structures, software engineering, database management, AI, and more.

CURRICULUM DEVELOPMENT

- Designing and updating course syllabi and curriculum to meet academic standards and industry needs.

RESEARCH AND INNOVATION

- Engaging in research activities, publishing papers, and contributing to academic conferences in the field of computer science.

Teacher Of Computer Science| Happy Palace Group of School | January 2019 - JULY-2020

TEACHING AND INSTRUCTION

- Creating and implementing creative lesson plans to accommodate diverse learning styles and abilities

STUDENT SUPPORT AND DEVELOPMENT

- Encouraging and motivating students to achieve their full academic potential.

CLASSROOM MANAGEMENT

- Maintaining a well-structured, organized, and disciplined classroom environment.

Education

- **MASTERS IN DATA SCIENCE IN COMPUTER SCIENCE INFORMATION TECHNOLOGY DEPARTMENT | DEC 2024 |PRESENT | NED UNIVERSITY OF ENGINEERING & TECHNOLOGY**
- **BACHELORS OF COMPUTER SCIENCE & INFORMATION TECHNOLOGY | DEC 2018 | NED UNIVERSITY OF ENGINEERING & TECHNOLOGY**
3.78 CGPA

FINAL YEAR PROJECT: Voice Encryption Project

Role: Lead Developer / Project Developer

Technologies Used: c#, ASP.NET, ORACLE, RSA, OpenSSL, Cryptography libraries

Key achievements:

- Designed and implemented AES and RSA encryption algorithms.
- Created key generation and management protocols.
- Conducted performance analysis to ensure minimal latency in encryption operations.
- Employed best practices for securing sensitive data and ensuring confidentiality.

Skills & Abilities:

- **Technical Skills:**
 - **Programming Languages:** Proficient in Python, Java, C++, JavaScript, MATLAB, R, SQL.
 - **Software Development:** Expertise in software design, development, testing, and debugging.
 - **Algorithms & Data Structures:** In-depth knowledge of algorithm design, optimization techniques, and data structures.
 - **Computer Networks:** Proficient in networking concepts, protocols (TCP/IP, HTTP, etc.), and network security.
 - **Database Management:** Experience with relational databases (MySQL, PostgreSQL), NoSQL databases (MongoDB), and data modeling.
 - **Machine Learning & AI:** Familiar with supervised and unsupervised learning, deep learning frameworks and data mining techniques.
 - **Cloud Computing:** Experience with cloud platforms (AWS, Google Cloud, Azure) and deployment of scalable applications.
 - **Web Development:** Front-end and back-end development, including HTML, CSS, JavaScript, React, Node.js, Django.
 - **Operating Systems:** Familiar with Linux, Windows, macOS, and system-level programming.
 - **Version Control:** Expertise in Git, GitHub, GitLab for version control and collaboration.
- **Teaching & Academic Skills:**
 - **Curriculum Design:** Experience in developing comprehensive course materials for undergraduate and graduate-level courses in Computer Science.

- **Lecturing & Instruction:** Proven ability to teach complex topics in algorithms, data structures, machine learning, and software engineering.

Teaching & Academic Skills:

- **Curriculum Design:** Experience in developing comprehensive course materials for undergraduate and graduate-level courses in Computer Science.
- **Lecturing & Instruction:** Proven ability to teach complex topics in algorithms, data structures, machine learning, and software engineering.
- **Mentorship & Supervision:** Mentoring students in academic projects, theses, and research papers.
- **Assessment & Evaluation:** Designing assignments, quizzes, exams, and grading rubrics for evaluating students' understanding.
- **Academic Advising:** Providing academic guidance and career advice to students, helping them navigate their studies and research.

Soft Skills:

- **Communication:** Excellent written and verbal communication skills, including the ability to present complex ideas in an understandable manner.
- **Collaboration:** Strong team player with experience working in collaborative research environments and multidisciplinary teams.
- **Problem-Solving:** Ability to approach problems creatively and develop innovative solutions.
- **Leadership:** Experience leading research projects, student groups, and academic initiatives.
- **Time Management:** Expertise in balancing teaching responsibilities, research, and administrative duties.
