

# SYED JAZIB HABIB

syedjazib456@gmail.com | +923357467524 | Karachi, SD Pakistan

## PROFESSIONAL SUMMARY

---

- Results-driven .NET Developer with 3+ years of experience building secure, scalable web applications using ASP.NET Core, C#, and RESTful APIs.
- Skilled in developing and deploying backend systems on Azure Cloud, integrating third-party APIs, and optimizing database performance with SQL Server. Passionate about clean architecture, automation, and leveraging technology to enhance real-world outcomes in healthcare and education domains.

## TECHNICAL SKILLS

---

- **Backend:** ASP.NET Core, C#, Entity Framework, RESTful APIs, OAuth2
- **Cloud & DevOps:** Azure App Services, Azure SQL, Azure DevOps (Repos, Pipelines, Boards), CI/CD
- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind
- **Database:** Microsoft SQL Server, MySQL, MongoDB
- **API & Authentication:** RESTful APIs, JWT, Axios, Postman
- **Tools & Platforms:** Git, GitHub, Visual Studio, VS Code, Postman, Docker (basic)

**Other Expertise:** API Security, Performance Optimization, Microservices (intro), MVC Architecture

## OTHER SKILLS

---

MVC Architecture, CRUD Operations, State Management, API Security, Deployment & Hosting

## PROJECTS OVERVIEW

---

Designed and developed multiple full-stack web applications using **MERN Stack, ASP.NET Core, PHP, and MySQL**, focusing on performance, scalability, and user engagement.

- **Grand Auction Online Auction System (ASP .NET Core)** – Developed secure and scalable REST APIs using ASP.NET Core for real-time bidding. Integrated user authentication via OAuth2 and deployed on Azure App Services with Azure SQL. Implemented CI/CD pipelines in Azure DevOps for automated builds and deployments.
- **Tech Accord Academy (PHP & MySQL)** – Developed a comprehensive e-learning platform with instructor dashboards, student progress tracking, and a customized payment workflow for the Pakistani market. Implemented a secure payment submission system where students can upload transaction proofs and bank deposit details, ensuring seamless manual verification and local compliance.

- **Fitness Tracker App (MERN Stack)** – Created a health tracking application enabling users to monitor workouts and progress with JWT-based authentication.

Implemented RESTful APIs, optimized database queries, and ensured mobile-responsive UI across all projects.

Followed best practices in version control (Git/GitHub) and Agile workflows for efficient development and collaboration.

## PROFESSIONAL EXPERIENCE

---

### SENIOR FACULTY MEMBER

**Aptech Learning North Karachi**

**July 2022 – Present**

- Deliver professional training to **300+ students** in Web Development, MERN Stack, Python, PHP, and Database Management, focusing on **real-world projects and applied learning**.
- Mentor and guide students through **20+** full-stack development projects, instilling best practices in **clean coding, version control (Git/GitHub)**, and **deployment workflows**.
- Conducted workshops and mentoring sessions on **ASP.NET Core APIs, Azure fundamentals**, and secure backend development practices.
- Conducted **30+ interactive workshops** on **Google Analytics and Social Media Analytics**, improving **student employability and analytical thinking** by bridging academic and industry insights.
- Designed and supervised **15+ capstone projects** combining **frontend, backend, and database technologies**, replicating **real-world enterprise applications** and teamwork environments.
- Collaborate with the academic team to **revise and modernize course content** every semester, ensuring **curriculum alignment with the latest industry standards**.
- Evaluate **100+ students per semester** through structured assessments, **practical labs**, and **live project demonstrations**, driving consistent improvement in performance and retention rates.

### SOFTWARE MANAGER

**Karachi School of Arts**

**Feb 2021 – June 2022**

- **Managed and optimized** the **Student Information Management System (SIMS)**, improving **data accuracy by 30%** and reducing **manual processing time by 20%** across departments.
- **Implemented and supervised** the **PayPro** digital payment integration, enabling **secure online fee collection** and **automated reconciliation** for the finance department.
- **Led the design and customization** of **internal web applications** using **PHP, MySQL, and JavaScript**, enhancing **workflow efficiency and data accessibility** for academic units.
- Collaborated with cross-functional teams to **digitize manual workflows**, reducing **report generation time by 25%** and improving overall **operational transparency**.
- **Ensured system reliability and data security** by enforcing regular backups, version control, and controlled user access.

- **Trained faculty and administrative staff** on effective system usage, increasing adoption and reducing support requests by **40%**.
- Ensured **system security, data integrity, and regular backups**, maintaining compliance with institutional IT standards.
- Conducted **training sessions for staff and faculty** on using SIMS and PayPro platforms effectively.

## EDUCATION

---

NED University of Engineering & Technology

August 2024 – August 2026

MS Data Science

Federal Urdu University of Arts, Science & Technology

January 2018 – January 2022

BS Computer Science

## ACHIEVEMENTS

---

 **Performer of the Year Award** – Recognized by the **FSO** for exceptional teaching performance and academic contribution (as **Senior Faculty Member**).

 **Star Performer Award** – Awarded for outstanding results and student success.

 **Best Motivator Award (2x)** – Honored twice for inspiring and guiding students toward achieving their academic and professional goals.

## LEADERSHIP & EVENT MANAGEMENT

---

- Led and coordinated multiple **institutional exhibitions and tech events**, including **Aptech Vision, Software Project Exhibitions, and TechWiz Competitions**.
- Provided technical guidance to students during event project preparation and presentation phases, ensuring professional execution and innovation.
- Fostered collaboration between departments, enhancing event visibility and student engagement.
