SD Pakistan

PROFESSIONAL SUMMARY

- Full Stack Web Developer with 3+ years of experience building responsive and scalable web applications using **HTML, CSS, JavaScript, React, PHP, and Node.js**. Experienced in developing dynamic platforms, RESTful APIs, and database-driven applications using MySQL and MongoDB.
- Strong background in designing user-focused web solutions, optimizing performance, and improving user experience across digital platforms. Proven ability to collaborate with cross-functional teams to deliver complete web development lifecycle solutions from concept to deployment.

TECHNICAL SKILLS

- **Frontend:** React.js, Angular, Tailwind, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, PHP, ASP.NET Core, Python Framework (Flask)
- **AI & Data Science Skills:** Machine Learning, Regression Models, Random Forest, Data Analysis with Python, Data Visualization (Matplotlib, Seaborn), Pandas & NumPy, Model Deployment using Flask. AI-based Prediction Systems, Exploratory Data Analysis (EDA)
- **Database:** MongoDB, MySQL, Microsoft SQL Server
- **API & Authentication:** RESTful APIs, JWT, Axios, Postman
- **Tools & Platforms:** Git, GitHub, Visual Studio Code, XAMPP, Visual Studio 2022
- **Other Expertise:** MVC Architecture, Responsive UI Design, Project Deployment, Curriculum Design

OTHER SKILLS

MVC Architecture, CRUD Operations, State Management, API Security, Deployment & Hosting

PROJECTS OVERVIEW

Designed and developed multiple full-stack web applications using **MERN Stack, ASP.NET Core, PHP, and MySQL**, focusing on performance, scalability, and user engagement.

Tech Accord Academy (PHP & MySQL)

- **Developed a full-stack** e-learning web platform using PHP, MySQL, HTML, CSS, and JavaScript.

- **Built instructor dashboards and student management modules.**
- **Implemented secure payment proof submission system for manual verification.**

- **Designed responsive UI for mobile and desktop users**

Grand Auction Online Auction System (ASP .NET Core)

- Developed a real-time bidding platform with secure authentication.
- Responsive design for seamless user experience.

Fitness Tracker App (MERN Stack)

- Created a health tracking application enabling users to monitor workouts and progress with JWT-based authentication.

Implemented RESTful APIs, optimized database queries, and ensured mobile-responsive UI across all projects.

Followed best practices in version control (Git/GitHub) and Agile workflows for efficient development and collaboration.

PROFESSIONAL EXPERIENCE

SENIOR FACULTY MEMBER

Aptech Learning North Karachi

July 2022 – Present

- Deliver professional training to **300+ students in Web Development, MERN Stack, Python, PHP, and Database Systems**, emphasizing hands-on development and real-world web applications.
- Mentor students through **20+ full-stack development projects**, implementing modern practices such as **Git/GitHub version control, REST API integration, and deployment workflows**.
- Design and supervise **capstone projects involving frontend, backend, and database technologies**, simulating real-world enterprise web development environments.
- Conduct workshops on **Google Analytics and Social Media Analytics**, enabling students to apply data-driven insights in web platforms and digital products.
- Collaborate with academic teams to **update curriculum and integrate modern technologies such as React.js, Node.js, and RESTful APIs** into development training programs.
- Evaluate **100+ students per semester** through project-based assessments, code reviews, and technical demonstrations, ensuring strong practical development skills.

IT ASSISTANT(Internship)

Karachi School of Arts

April 2022 – June 2022

- Installed and configured software applications and development tools across multiple computer labs.
- Assisted in hardware setup, system troubleshooting, and maintenance of desktop systems and peripherals.
- Supported IT staff in network connectivity setup, system updates, and operating system installations.
- Performed routine system checks and technical support to ensure smooth operation of lab environments.
- Provided basic technical assistance to faculty and students regarding system and software usage

Teacher & Lab Instructor

AL Rehman Academy

April 2019 – Dec 2021

- **Delivered classroom instruction in** Computer Science fundamentals, programming basics, and IT concepts **to secondary and higher secondary students.**
- **Supervised computer lab sessions, guiding students in** software usage, programming exercises, and practical assignments.
- **Assisted students in developing foundational skills in** problem solving, logical thinking, and basic programming concepts.
- **Maintained and managed** computer lab systems, software installations, and troubleshooting **to ensure smooth lab operations.**
- **Prepared assessments, quizzes, and practical evaluations to measure** student understanding and technical skills development

EDUCATION

NED University of Engineering & Technology

August 2024 – August 2026

MS Data Science

Federal Urdu University of Arts, Science & Technology

January 2018 – January 2022

BS Computer Science

ACHIEVEMENTS

 **Performer of the Year Award** – Recognized by the **FSO** for exceptional teaching performance and academic contribution (as **Senior Faculty Member**).

 **Star Performer Award** – Awarded for outstanding results and student success.

 **Best Motivator Award (2x)** – Honored twice for inspiring and guiding students toward achieving their academic and professional goals.

LEADERSHIP & EVENT MANAGEMENT

- Led and coordinated multiple **institutional exhibitions and tech events**, including **Aptech Vision**, **Software Project Exhibitions**, and **TechWiz Competitions**.
- Provided technical guidance to students during event project preparation and presentation phases, ensuring professional execution and innovation.
- Fostered collaboration between departments, enhancing event visibility and student engagement.
